# Index to Volume XXXVII

May, 1956—April, 1957

## A

Aberdeen, Coal Bunkering Plant at, 290  
Admiralty Service, Paddle Tugs for, 271  
Annual Report, the Chamber of Shipping, 381  
Application of Electrical Distribution to Docks, 256, 310, 347

## B

Bangkok, Development of the Port of, 220  
Bank Protection for the Suez Canal, 22  
Barges, Driving Down Docks Unpowered, 55  
Barges, Fumigation of Ships, Warehouses and, 266  
Barranquilla, Siltation Problem at the Port of, 370  
Beira, Reconstruction of Seawall at, 155  
Birkenhead, Improved Lighting Facilities at Graving Docks, 330  
Blyth, Port of, Northumberland, 145  
Bremen, Rebuilding No. 6 Transit Shed at Port of, 11  
Bremen, The Docks of the Free Hanse Town, 109  
Bridge Construction and Metallurgy, Some New Developments in, 392  
British Industries Fair, Birmingham, 34  
British Waters, Storm Surges in, 333  
Buying a Lifting Truck, 127  
Bulk Handling of Coal in the U.S.A., 383  
Book Reviews:  
    A Handbook on Belt Conveyor Design, 210  
    Disease Control and International Travel, 346  
    Free Ports and Foreign Trade Zones, 346  
    Inland Waterways and Inland Ports, 210  
    Kempes Engineers Year Book, 346  
    Pilot—Take Charge, 209  
    Ports of the World, 141  
    Proceedings of the First Conference on Coastal Engineering Instruments, Berkeley, California, October 31st—November 2nd, 1955, 52  
    Structural Aluminium, 141  
    The Law on the Pollution of Waters, 346  
    The Library and the Picture Collection of the Port of London Authority, 52  
    The Port of Genoa, 1955, 210  
    The Ultimate Load Theory Applied to the Design of Reinforced and Prestressed Concrete Frames, 141

## C

Camera, New Underwater, 174  
Canadian Harbours, 1955 Annual Report, 104  
Cargo Handling and Pallet Standardisation, 331  
Cargo Handling at Ports, 39  
Cargo Handling in Some Far Eastern Ports, 377  
Cargo, Marine, Operations, 153  
Cargo, Methods of Marking, 190  
Chamber of Shipping, Annual Report, 381  
Charges, Docks and Inland Waterways, 200  
China, Drilling Platforms in the South China Sea, 199  
Choice of the Right Dredger, 341  
Civil Engineering, Hydrographic Surveying for, Development, 239, 275  
Clearing the Suez Canal, 280

Coal, Bulk Handling in the U.S.A., 383  
Coal, Bunkering Plant at Aberdeen, 290  
Coal, Pneumatic Discharge of Waterborne, 33  
Colombo, Port Working at, 368  
Concrete, Structures, Reinforcement of, 129  
Congress, International, on Ports and Inland Waterways, 365  
Convenience, Flags of, 53  
Conversion of Drydock to Slipway, 287  
Cork, The Port of, 73  
Correspondence:

    Problems of Increased Temperatures in Harbour Waters, 10  
    Great Ships and Their Terminals, 255

## D

Dagenham Dock, Grabbing Cranes for, 415  
Dar Es Salaam, The Port of, 215  
Delaware River, Ports of the, 323  
Density of Spoil in Suction Dredging, 232  
Design and Construction, Warehouse, 235  
Design of Tidal Outfalls, The, 272  
Design, Some Notes on Wharf, 98  
Diesel Tug, Manchester Ship Canal, 189  
Distribution of Wave Heights, 31  
Dock and Harbour Authorities Association Report, 375  
Dock Labour in Japan, 328  
Dock Labour, New Zealand, 327  
Dock Labour Scheme (Committee Report), 138  
Dock Labour Scheme, The National, 64  
Dock Labour, The, Problem, 228  
Docks and Inland Waterways Charges, 200  
Docks of the Free Hanse Town of Bremen, 109  
Dolphin, Torsion Resisting Steel, 81  
Dredge, the Hydraulic, 133  
Dredger, Choice of the Right, 341  
Drilling Platforms in the South China Sea, 199  
Dry Dock, Conversion of, to a Slipway, 287  
Dry Dock, Large, at South Shields, 251

## E

East African Harbours, Report, 1955, 17  
Economical Timber Handling, 407  
Economical Timber Handling, Problem of, 367  
Electrical Distribution as Applied to Docks, 256, 310, 347, 403  
Electricity for Vancouver Island, 277  
Engineering Conference at Grenoble, 122  
European Waterways, Radar For, 293  
Expansion, Los Angeles Port, 292

## F

Far Eastern Ports, Cargo Handling in Some, 377  
Finland, Ore Handling at Oulu, 318  
Fish Quay, Reconstruction of, at Whitby, 181  
Flags of Convenience, 53  
Floodlight, A New Underwater, 136  
Flood Protection Scheme, Great Ouse, 25  
Freedom for Shipping Services, 169  
Freight Handling, Productivity in, 61  
Fumigation of Ships, Barges and Warehouses, 266

## G

Grabbing Cranes for Dagenham Dock, 415  
Grain Dust, Protecting Dock Workers From, 420  
Grain Handling Plant at Iskenderun, 162, 313  
Great Ouse Flood Protection Scheme, 25  
Great Ships and Their Terminals, 226  
Grenoble, Engineering Conference at, 122  
Grouting of Stone Pitched Sea Walls, 408  
Gunite, Use of, As a Structural Material, 91, 117

## H

Hamburg, The, Port Worker, 299  
Handling, Cargo, At Ports, 39  
Handling Marks, Progress With the B.S., 414  
Handling of Port Traffic, 44  
Handling, Ore, Coal and Grain, Plant at Iskenderun, 162, 313  
Health, Port, Authorities, 242  
Health, Port, Practice, 150  
Hopper Transport of Dredged Spoil, 203  
Hudson Bay Report, 1955, 207  
Humber, Measuring the Tidal Flow on the River, 96  
Hydraulic Dredge, The, 133  
Hydraulics Research, 79  
Hydraulics Research Station at Wallingford, 268  
Hydrographic Surveying for Civil Engineering Development, 239, 275

## I

Improving Organisation of Work and Output in Ports, 388  
Information, Port Service at Southampton, 158  
Inland Waterways Charges, Docks and, 200  
Inland Waterways in the United States, 409  
Inland Waterways, The Problem of Our, 421  
International Congress on Ports and Inland Waterways, 365  
Iskenderun, Ore, Coal and Grain Handling Plant at, 162, 313  
Iskenderun, The Port of, 359

## J

Japan, New Shipbuilding Berth at Kobe, 191  
Japan, Dock Labour in, 328

## K

Kobe, New Shipbuilding Berth at, 191  
Kembla, Proposed Inner Harbour for Port, 424

## L

Labour, Dock Labour in Japan, 328  
Labour, Dock Labour Scheme (Committee Report), 138  
Labour, New Zealand Dock Labour, 327  
Labour, The Dock Labour Problem, 228  
Labour, The National Dock Labour Scheme (Survey), 64  
Lake Maracaibo, High Speed Launch for, 355  
Laminated Timber for Port Buildings, 160  
Launch, Patrol, for Southampton Harbour, 115  
Lee, River Development Scheme, 173  
Lifting Truck, Buying a, 127  
Lighting, Improved Facilities at Birkenhead Graving Docks, 330  
Litigation in the Port Industry, 171, 318  
Liverpool, Post War Developments at, 397  
Liverpool Steam Ship Owners Report, 413  
Load Test, Pile, 120  
London, Port of, Royal Group of Docks, 3, 56  
Los Angeles, Port Expansion, 292

## M

Manchester Ship Canal, Diesel Tug for, 189  
Manchester Ship Canals Radio Communications Systems, 374  
Maracaibo, High Speed Launch for Lake, 355  
Marine Cargo Operations, 153  
Marine Personalities, 220  
Marine Pilotage, 264, 291, 353  
Maritime Cargo, Transport of, 85  
Measuring the Tidal Flow of the River Humber, 96  
Mechanical Aids for Clearing Waterways, 100

Mechanical Equipment, Supply and Maintenance of, 48  
Mechanical Handling, The Port Industry and, 19  
Metallurgy, Some New Developments in Bridge Construction and, 392  
Methods of Marking Cargo, 190  
Mexican Coast, Protection Works On, 306, 338  
Missions to Seamen, 67  
Mo i Rana, Ore Handling at, Norway, 428  
Manufacturers' Announcements, 35, 69, 105, 141, 177, 247, 283, 319, 429

## N

Newport Docks, 176  
New Zealand Dock Labour, 327  
Northumberland, Port of Blyth, 145  
Norway, Ore Handling at Mo i Rana, 428

## O

Oil, Containing Spilled, 274  
Operational Hazards in the Stevedoring Industry, 372  
Ore, Coal and Grain Handling Plant at Iskenderun, 162, 313  
Ore Handling at Mo i Rana, Norway, 428  
Organisation, Of Work and Output in Ports, Improving, 388  
Oulu, Ore Handling at, 318

## P

Patrol Launch for Southampton Harbour, 115  
Personalities, Marine, 220  
Pictorial Handling Marks, Progress With the B.S., 414  
Pile Load Test, 120  
Pilotage, Marine, 218, 264, 291, 353  
Pilotage Service, Southampton, 9  
Piraeus, The Port of, 102  
Pneumatic Discharge of Waterborne Coal, 33  
Pollution Research, Water, 68  
Port Health Authorities, 242  
Port Health Practice, 150  
Port Industry and Mechanical Handling, The, 19  
Port Industry, Litigation in the, 171, 318  
Port Information Service at Southampton, 158  
Port Kembla, Proposed Inner Harbour for, 424  
Port Labour, The Problem of, 427  
Port of Bangkok, Development of the, 220  
Port Personalities, 220  
Port Traffic, Handling of, 44  
Port Worker, The Hamburg, 299  
Port Working at Colombo, 368  
Ports and International Waterways, International Congress on, 365  
Ports, Cargo Handling at, 39  
Ports, Efficiency Committee Report, 29  
Ports, Improving Organisation of Work and Output in, 388  
Ports, Salvaging of Ships in, 389  
Post War Developments at Liverpool, 397  
Power Project, The St. Lawrence Seaway and, 193, 221, 380  
Problem of Economical Timber Handling, 367  
Problem of Our Inland Waterways, 421  
Problem of the Port Transport Industry, 186  
Productivity in Freight Handling, 61  
Protecting Dock Workers from Grain Dust, 420  
Protection Works on the Mexican Coast, 306, 338  
Pymont, Remedial Measures at the Port of, 418

## R

Radar for European Waterways, 293  
Radio-Active Tracers in the Thames Estuary, 302  
Radio Communications System, Manchester Ship Canal, 374  
Rebuilding of No. 6 Transit Shed, Port of Bremen, 11  
Reconstruction of Fish Quay, Whitby, 181  
Reconstruction of the Seawall at Beira, 155  
Reinforcement of Concrete Structures, 129  
Removal of Oil from Dock Waters, 101  
Removing Oil Spillage in Docks, Apparatus for, 172  
Report, Canadian Harbours 1955, 104  
Report, Dock and Harbour Authorities 1956, 375  
Report, East African Harbours 1955, 17  
Report, Hudson Bay 1955, 207

Report, Liverpool Steamship Owners, 413  
 Report, Ports Efficiency Committee, 29  
 Research Hydraulics, 79  
 Research Station at Wallingford, Hydraulics, 268  
 Retirement of Southampton Docks Manager, 64  
 River Lee Development Scheme, 173  
 Royal Group of Docks, Port of London, 3, 56

## S

Salvaging of Ships in Ports, 389  
 Sea Defence and River Works, Use of Timber in, 123, 166  
 Sea Walls, Grouting of Stone Pitched, 408  
 Seamen, The Missions to, 67  
 Shoreham, Timber Storage Shed, 208  
 Shipping, Annual Report of The Chamber of, 381  
 Shipping Services, Freedom For, 169  
 Ships, Fumigation of Ships, Barges and Warehouses, 266  
 Siltation Problem at the Port of Barranquilla, 370  
 Slipway, The Conversion of a Dry Dock to a, 287  
 Soil Stabilisation, Umbrella Buildings and, 175  
 South China Sea, Drilling Platforms In, 199  
 South Shields, Large Dry Dock At, 251  
 Southampton Docks, Retirement of Manager, 64  
 Southampton Pilotage Service, 9  
 Southampton, Port Information Service at, 158  
 Southampton Harbour, Patrol Launch For, 115  
 Spillage in Docks, Apparatus for Removing Oil, 172  
 Spilled Oil, Containing, 274  
 Spoil, Hopper Transport of Dredged, 203  
 Spoil in Suction Dredging, Density of, 232  
 Standardisation, Cargo Handling and Pallet, 331  
 Stereo Photogrammetric Methods, Wave Measurement by, 335  
 Stevedoring Industry, Operational Hazards In, 372  
 Storm-Surges In British Waters, 333  
 Structural Material, The Use of Gunite As, 91, 117  
 St. Lawrence Seaway and Power Project, 193, 221, 380  
 Suez Canal, Clearing The, 280  
 Suez Canal, Bank Protection For, 22  
 Supply and Maintenance of Mechanical Equipment, 48  
 Surveying For Civil Engineering Development, Hydrographic, 239, 275  
 Surveying Ships by Ultrasonics, 201  
 Sydney, Remedial Measures at Pyrmont, Port of, 418

## T

Terminals, Great Ships and Their, 226  
 Test, A Pile Load, 120  
 Thames Estuary, Radio Active Tracers In, 302  
 Tidal Outfalls, The Design of, 272  
 Timber Handling, Economical, 407  
 Timber Handling, Problem of Economical, 367  
 Timber for Port Buildings, Laminated, 160  
 Timber Storage Shed at Shoreham, 208  
 Timber in the Construction of Sea Defence and River Works, Use of, 123, 166  
 Torsion Resisting Steel Dolphin, 81  
 Transport of Maritime Cargo, 85  
 Tugs for Admiralty Service, Paddle, 271  
 Turkey, Ore, Coal and Grain Handling Plant at Iskenderun, 162  
 Turkey, The Port of Iskenderun, 359

## U
